Let's Plan Your Future

**STUDYING IN EUROPE**

STUDYING IN EUROPE

# Why Study in the Europe?

There are more than four thousand higher education institutions in Europe, from top-level research establishments to small, teaching-focused colleges. Europe itself is no less diverse, extending from the Arctic Circle to the coast of Africa, where tiny principalities sit side-by-side with many of the world's leading economies.

A fascinating destination, but which country should you go to? Which university should you choose? What do you need before you leave? What will happen when you arrive? These are just some of the questions you're probably asking yourself already.

Johar Group Co. is here to help. We provide up-to-date information on thirty-two European countries, their universities and what it takes to live and study in them.

Contact Johar Group Co. to find the university that suits you best. A well-informed decision will make your time abroad even more valuable.

## QUALITY

### **Excellence**

Europe has a world-wide reputation as a centre of excellence in learning. Year after year, European universities rank prominently among the top 100 in the world. And only Europe can offer state-of-the-art facilities and cutting-edge research opportunities together with the chance to walk in the footsteps of so many of the world's most influential thinkers.

### **Quality Assured**

Europe is developing a scheme of quality assurance. A comprehensive quality control process is planned for 2010, by when Europe will be emblematic of a guarantee of quality in higher education.

### **Value for Money**

These high academic standards are achieved without breaking the bank. Tuition fees and daily costs are reasonable, the education sector being a top priority for Europe's competitiveness.

### **Lasting Legacy**

Europe boasts many centuries of academic excellence. A rich academic heritage is based around many landmarks in human knowledge, and today's European higher education institutions benefit from this lasting legacy.

## **DIVERSITY**

### **Choice**

There are thousands of higher education institutions in Europe to choose from, offering a great variety of degree programs. From leading research universities to small, friendly teaching colleges, you're sure to find what you're looking for.

### **Tradition and Innovation**

Immerse yourself in a continent with a wealth of traditions and a history as rich and varied as its many peoples and landscapes. At the same time, Europe is a hotbed of research and innovation, home to first-class resources and top scientists working in fields ranging from medicine to space travel, from nanotechnology to polar research, and from ICT to nuclear fusion.

### **Multicultural**

Europe offers a unique cultural experience in a dynamic, multinational environment. Besides earning a world-class qualification, you'll have the chance to learn new languages and intercultural skills that are of great value to future employers and an essential advantage in an ever-changing world.

## **OPPORTUNITY**

### **World Renowned**

Studying in Europe gives you a top-quality education which will be respected the world over. Moreover, you can take advantage of the many scholarships that European universities offer.

### **Opening Doors**

Employers won't only be impressed by your education; they'll also appreciate the other skills you will have acquired. Your time in Europe will prepare you for the global economy, developing assets such as self-reliance, independence and intercultural and linguistic abilities that will set you apart from the competition.

Help You with  
A to Z of  
Study Abroad...**

## Listen to what our Students say

Johar Group is one of the most professional organizations in the field of facilitating graduate studies abroad. With little knowledge & resources, I had approached them, and my case was dealt with utmost care. I knew that my dream of higher education was in safe hands. Starting from processing required documentation for the I-20 to, all procedures for the Visa, JGC took charge of every subtle detail. They counseled me with the Visa interview and prepared me very well to face a variety of questions. More importantly, they arranged for my entire finance to fund my graduate studies at a very nominal fee. I had no hassles nor worries at any point of time. I happened to take my Medical Insurance, Travel Insurance, etc through them as well. In one phrase, they are the One-Stop-Shop! I sincerely believe that higher studies in the US is now much simpler & convenient with the help of JGC. **Shravan Bharadwaj, Ohio State University, USA**

It is with great pleasure that I mail this letter to inform you that my son Varun has graduated with Honors from the University of Texas at Dallas. And I would like to thank you very much indeed for the support that your organization had extended to him. Even more endearing, is the warmth with which you yourself, Mrs. Johar, responded to the queries of a perfect stranger, one who really had no experience in any similar endeavor, and had nothing more than a newspaper cutting to proceed with. I shall always remember your efforts and the personal interest that you have taken in Varun, as also your calm disposition when I have disturbed you at odd hours with various problems. I wish you organization all success and I shall enthusiastically recommend your company to any of my friends. **Jayanth Balakrishnan, f/o Varun Jayanth, University of Texas at Dallas, USA.**

This is Himanshu here writing from Switzerland, I m doing fine here in Switzerland and my studies are going good, thanks to International Education Loan Inc. which has helped me a lot for my studies, I am really grateful to the people who have helped me in getting this loan.

**Himanshu Pandey, Les Roches Swiss Hotel Association, Switzerland.**

I am a co-signer for an International Student Loan that my nephew Shivakumar Hunagund received. It is my opinion that, the loan has been of tremendous help. Without it, Kumar may not have been able to achieve the goal he has set for himself. As for his schooling, it has been great a success. If he had to worry about financing his education, it would not have been possible to focus himself on his studies. We thank your organization for helping him in securing this loan and we both appreciate your contribution in helping Kumar in realizing his dream. **Appa Hungund, Research Scientist, Cosigner of Shivakumar Hunagund, University of Leeds, UK.**
